DuraGrit ERP / Product Catalog / Add New SKU

CATALOG SPECIFICATION

API NODE SYNC: OPERATIONAL

Add New Product SKU

Configure basic item info, SKU code, category, size specifications, and cashback parameters.

Back to Product List

Product Information & Specifications

Enter statutory SKU parameters, packaging weights, and QR reward disbursement values.

FORM ID: DTA-REG-v2.4

Product Name Official

e.g., DTA 999 Premium Tile Adhesive

Official commercial title used across retail catalogs and invoices.

SKU Code ERP Format

E.G., DTA-999

Unique inventory identifier formatted strictly for ERP sync.

Product Category *

Select category...

Defines GST slabs, contractor cashback bands, and dispatch zones.

Size / Pack Weight *

e.g., 20 kg Bag or 5 kg Pack

Gross unit packaged weight for distributor dispatch and freight rating.

Detailed Description & Technical Application Applies to Retail QR Scan Sheets

Engineered for high-strength bonding of vitrified tiles, granite, and marble on floor and wall substrates with zero slippage and enhanced polymer flexibility...

Contractors read this specification when scanning the QR code on-site.

Cashback Reward per QR (₹)

₹ 25

Direct payout credited to verified contractor/dealer UPI escrow upon scanning.

Initial QR Batch Quantity

1000

Generates serialized tamper-proof QR tokens automatically into print queue.

Product Photo Asset Official Pack Render

Drag & drop product packaging render here, or browse

Supports high-res PNG or JPEG min. 800×800px, up to 5MB)

DuraGrit Anti-Tamper Protocol Active

Instant UPI Escrow Verification • NPCI Linked Payout Engine • Unique 128-bit Serialized Anti-Counterfeit Token assigned per bag.

Reset form values | Cancel | Save Product & Generate QR Rules

PACK ASSET PREVIEW

Ready for Sync

Assigned Series: DTA Structural Polymer

Quality Standard: IS 15477: 2019 Type 3

Serialization Status: Autogenerated on Save

QR Security Governance

Single-Use Dual Stage
Contractor scan validates batch instantly; retail cashback escrow locks upon unique OTP verification.

Geo-Fencing Boundary
Restricted to authorized distributor dispatch regions to prevent unauthorized inter-state retail arbitrage.

Thermal Foil Print Spec
Outputs directly to Godex / Zebra high-adhesion scratch-proof thermal foil label printers (1.5" x 1.5").

Print Queue Server: PRN-PORT-08 (Online)

Operational Rule

Creating a new SKU generates a master reference key in the DuraGrit Central Catalog. Once a physical batch with active QR vouchers is printed and released to distribution depots, the SKU code becomes immutable.

Product Manage / QR Engine / Batch Generator

ENGINE V2.4 • SERIALIZED CRYPTOGRAPHIC TOKENS

QR Code Batch Generator

Generate unique serialized QR codes linked to specific products, discount tiers, and reward points.

ENGINE QUOTA
Available: 250,000 / day

Each generated QR code includes an encrypted cryptographic payload with unique serial tamper-evident token, mapped to **DuraGrit contractor verification scan rules**. Duplicate or out-of-sequence codes are structurally rejected.

1 Step 1: Select Product & SKU

MANDATORY STEP

Target Product & SKU *

DTA 999 Premium Quality Tile Adhesive (SKU: DTA-999 • 2

Verified Type 4 Vitrified Polymer Adhesive (IS 15477:2019 Standard)

Batch Identifier / Prefix *

BATCH-999-2026-OCT AUTO-ASSIGNED

Automatic collision-free sequential prefix governed by factory slot.

2 Step 2: Define Bulk QR Quantity & Reward Rule (Unique Serial Numbers)

TOKEN LOGIC & DISCOUNTS

Quantity of Unique QR Codes to Generate *

500 UNITS

Minimum 10, Maximum 5,000 per export run.

Cashback Reward Points per QR (₹) *

₹ 60

Direct contractor wallet redemption value upon verified dealer scan.

Associated Discount Tier (%) *

15 %

Applied to wholesale invoices when scanned by authorized stockists.

QR Validity / Expiry *

12 Months from Generation Date

Unredeemed codes revert to inactive state automatically after period.

SAMPLE TOKEN & SERIALIZATION STRUCTURE

• Algorithmic Checksum Verified

DURAGRIT-SERIAL-v2

SAMPLE SERIAL TOKEN ID
DG-DTA999-2026OCT-000001

CALCULATED COMMERCIAL PAYOUT
₹ 60.00 Cashback • 15% Dealer Margin

CRYPTOGRAPHIC CLOUD TARGET

GENERATION PIPELINE STATE
Ready for Generation 500 Records in Queue

Last export batch was executed 42 minutes ago (Batch: BATCH-880-SEP).

Cancel | Generate unique QR batch

Anti-Duplication Guard

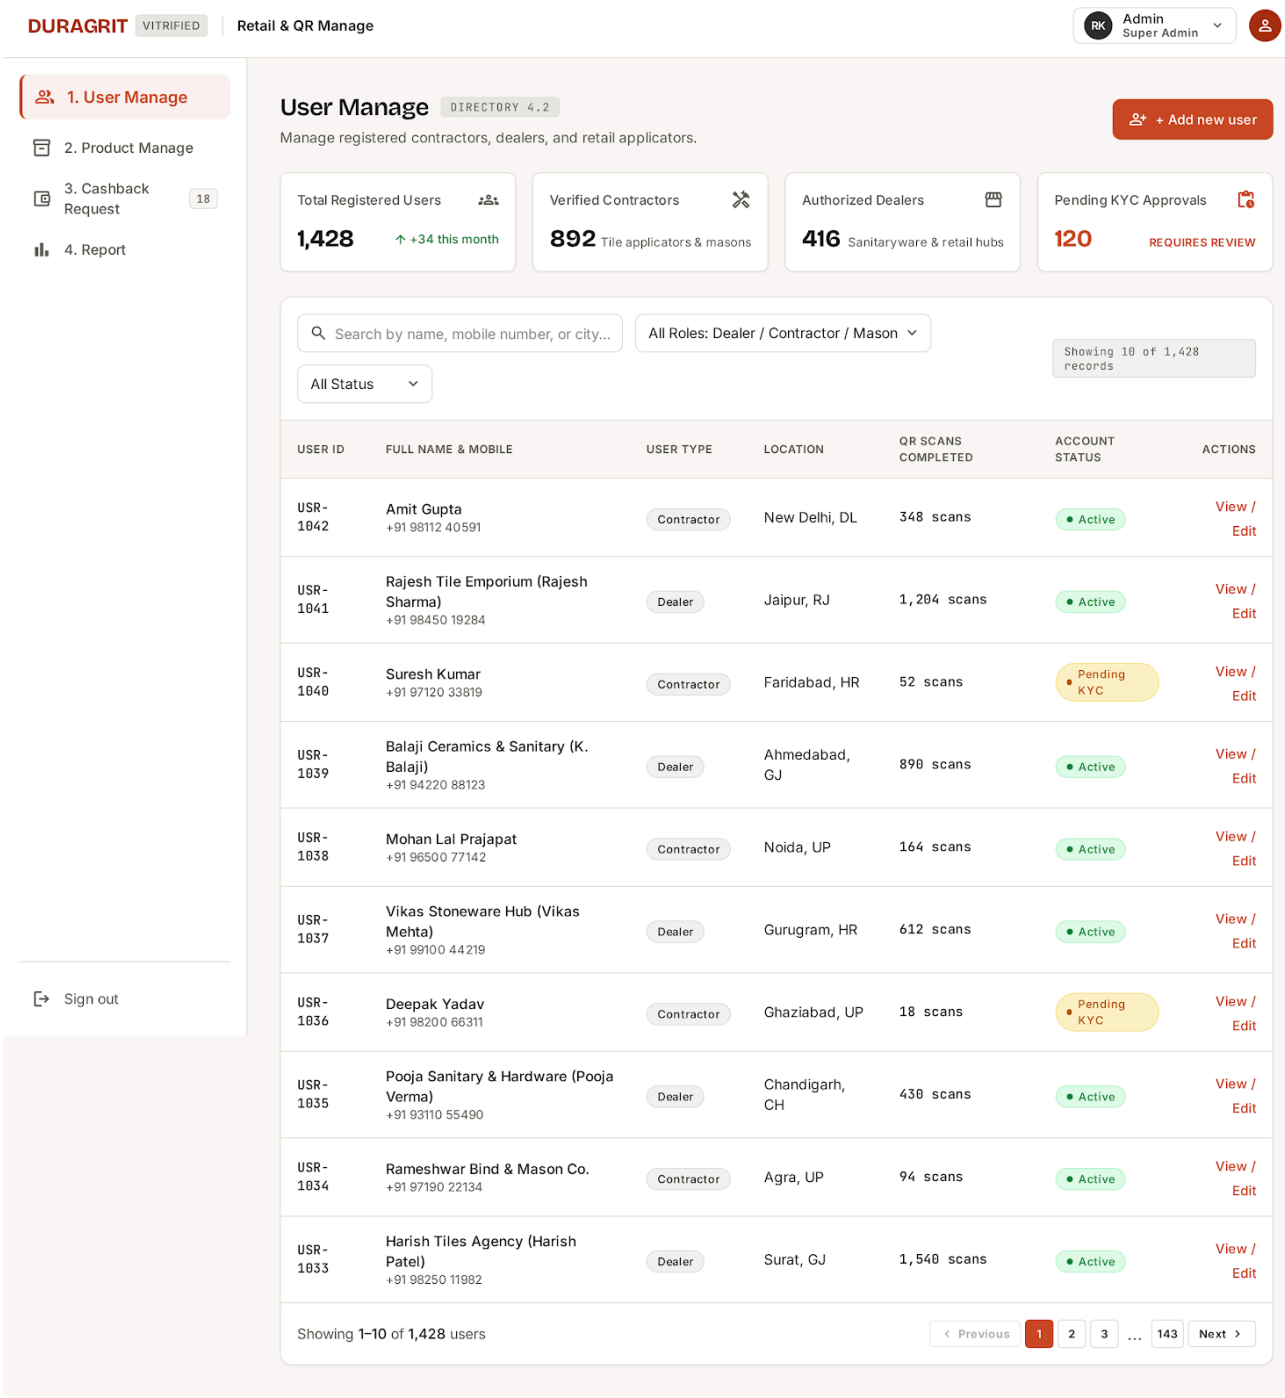

Dual 128-bit SHA salting ensures no QR can be cloned, predicted, or double-scanned across disparate warehouse zones.

Thermal Print Standard

Direct vector export supports standard 40x40mm ceramic packaging roll printers with 300 DPI high-contrast dithering.

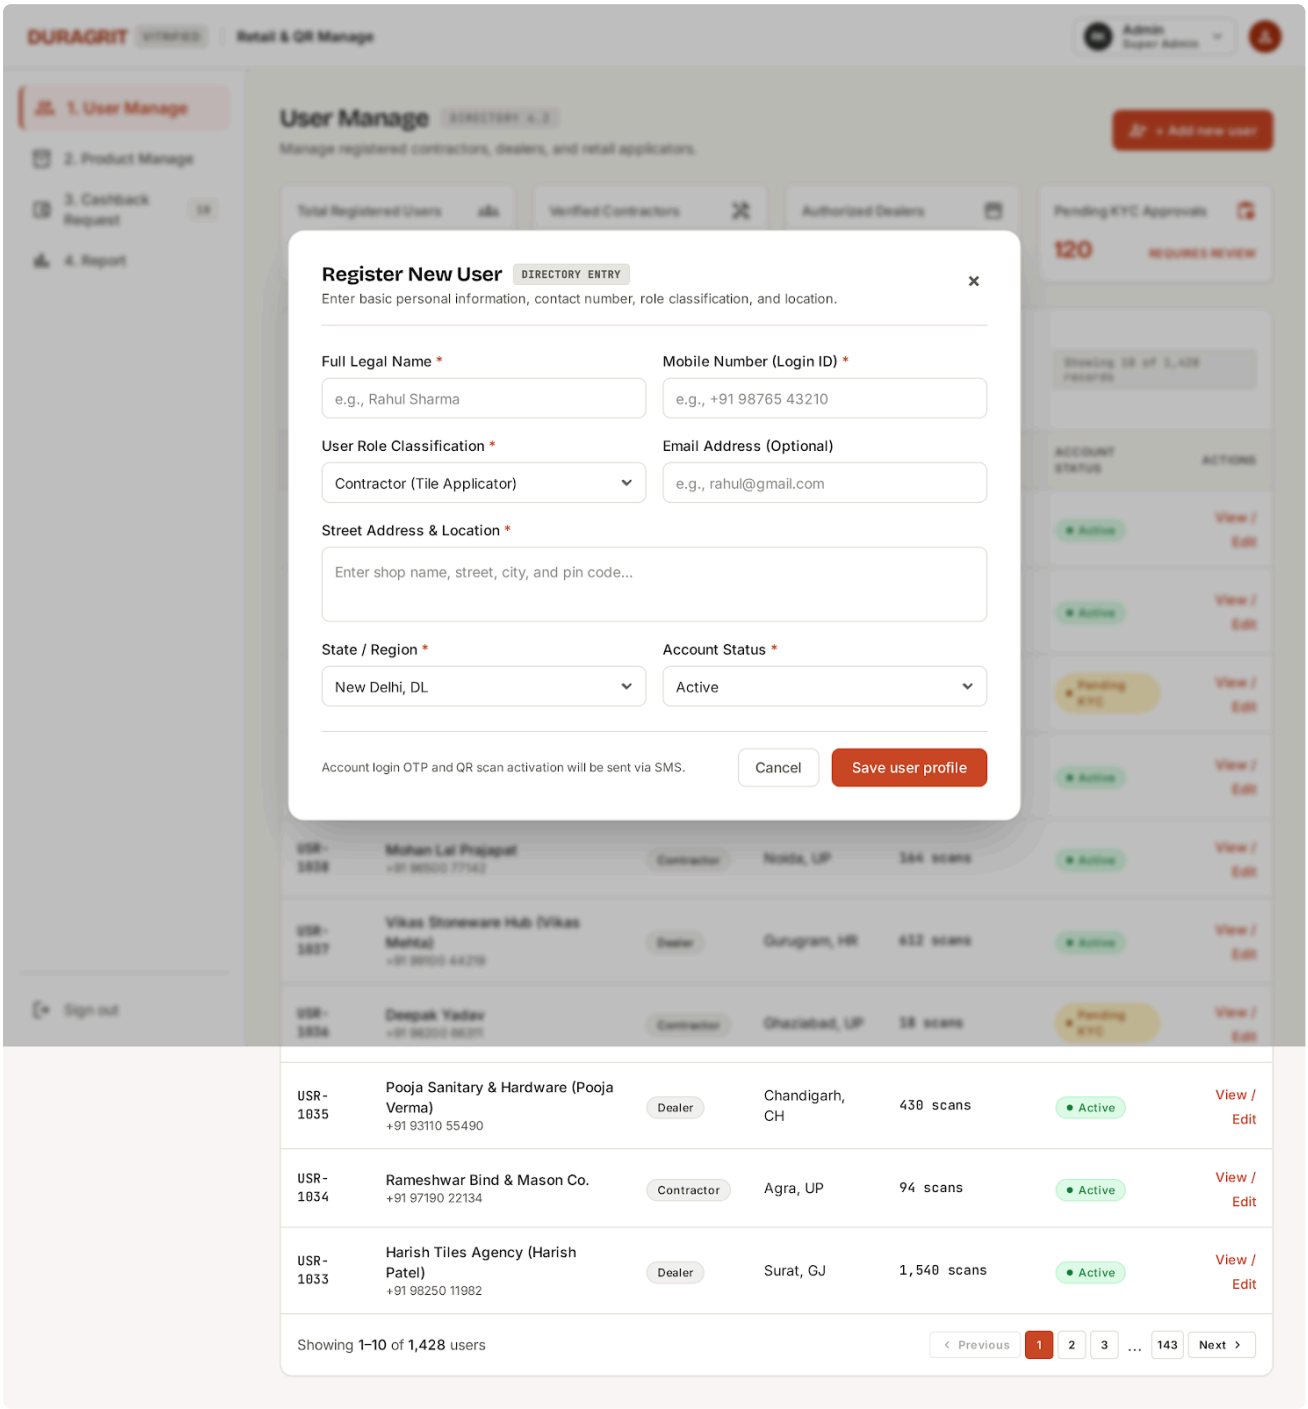

Instant Escrow Lock

Contractor rewards are instantly escrowed upon batch generation and unlocked exclusively when scanned via approved dealer geo-fence.
